I shall need to clarify the description of the Winter Course. Most of us know the route already, but my shorthand verbal description of the route in Deer Park is getting out of date as the latest phase of building progresses.

Fastest Previous time is best time in the 3 most recent Handicaps.
This is rounded to the nearest 15 sec to give the Target Time for this race.

Target Finish Time is 7:15:00 + Target Time.

Points are awarded , 20 pt for the runner furthest inside their Target Time, `9 pt for the next, etc.

Where no Pts are shown, the runner is either a new starter in the handicap, or is returning to the

Handicap after at least 1 calendar year's absence, and so has no target time. 3 Pt are awarded in either case

All entrants also receive 2 Attendance Points
